### 1. Nature of business

Tourmaline Partners, LLC ("Tourmaline Partners") is a limited liability company formed under the laws of the state of Connecticut on June 17, 2010. Tourmaline Partners is registered as a broker-dealer with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc. Additionally, Tourmaline Partners is registered as a foreign company with the Australian Securities and Investments Commission. Tourmaline Partners' operations are also conducted through its wholly-owned subsidiaries, Tourmaline (UK) Limited ("Tourmaline UK") and Tourmaline Associates (UK) Limited ("Tourmaline Associates") and their wholly owned subsidiary, Tourmaline Europe, LLP ("Tourmaline Europe"). Tourmaline Europe is authorized and regulated by the Financial Conduct Authority (the "FCA").

Tourmaline Partners, Tourmaline UK, Tourmaline Associates, and Tourmaline Europe (collectively, the "Company") execute trades in listed equities and options with or on behalf of, and earn commissions from, managers of private investment funds.

### 2. Summary of significant accounting policies

#### *Principles of Consolidation*

The consolidated financial statements include the accounts of Tourmaline Partners, Tourmaline UK, Tourmaline Associates, and Tourmaline Europe. All significant intercompany transactions and balances have been eliminated in consolidation.

#### *Basis of Presentation*

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

#### *Cash and Cash Equivalents*

For purposes of the consolidated statement of cash flows, the Company considers all highly liquid investments with remaining maturities of three months or less at acquisition to be cash equivalents.

#### *Receivables from Clearing Brokers and Commissions Receivable*

The amounts receivable from broker and commissions receivable arise in the ordinary course of business and are pursuant to a clearing agreement with a clearing firm.

#### *Revenue and Expense Recognition from Securities Transactions*

Securities transactions and the related commission revenues and expenses are recorded on the trade-date basis. Unrealized gains and losses are reflected in revenues.

#### *Deferred Rent Expense*

The difference between rent expense and the actual rent paid is recorded as a liability in the consolidated statement of financial condition. Tenant incentives used to fund leasehold improvements are recorded in deferred rent and amortized as reductions of rent expense over the term of the lease.

### 2. Summary of significant accounting policies (continued)

#### *Property and Equipment*

Property and equipment are stated at cost less accumulated depreciation and amortization. The Company provides for depreciation and amortization as follows:

Asset	Estimated Useful Life	Principal Method
Furniture and fixtures	3-7 years	Straight-line
Computer hardware	3-5 years	Straight-line
Computer software	3-5 years	Straight-line
Leasehold improvements	Shorter of useful life or lease term	Straight-line

#### *Impairment of Long-Lived Assets*

In accordance with GAAP, long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be fully recoverable. If an impairment indicator is present, the Company evaluates recoverability by a comparison of the carrying amount of the assets to future undiscounted net cash flows expected to be generated by the assets. If the assets are impaired, the impairment recognized is measured as the amount by which the carrying amount exceeds the estimated fair value of the assets. There was no impairment of long-lived assets recorded during the year ended December 31, 2017.

#### *Client Commission Arrangements*

Institutional customers are permitted to allocate a portion of their gross commissions to pay for research products and other services provided by third parties. The amounts allocated for these purposes are commonly referred to as "client commission arrangements." The cost of independent research and directed brokerage arrangements is accounted for on an accrual basis.

#### *Foreign Currency Translation*

Foreign currency transactions and the financial statements of Tourmaline Partners' foreign subsidiaries are translated into U.S. dollars at prevailing or current rates, respectively, except for revenues and expenses, which are translated at average currency rates during the reporting period. Exchange gains and losses resulting from foreign currency transactions are recognized currently. Gains and losses resulting from translation of financial statements are excluded from the consolidated statement of operations and comprehensive income and are reported as a separate component of equity. The annual currency translation adjustment increased equity by approximately \$152,000 at December 31, 2017.

#### *Comprehensive Income (Loss)*

The Company reports and displays comprehensive income (loss) and its components in members' equity. The components of other comprehensive income (loss), such as changes in foreign currency translation adjustments, are added to net income to arrive at comprehensive income (loss). Other comprehensive income (loss) items have no impact on net income as presented in the consolidated statement of operations and comprehensive income.

### 2. Summary of significant accounting policies (continued)

#### *Income Taxes*

Tourmaline Partners is a limited liability company and is treated as a partnership for income tax reporting purposes. The Internal Revenue Code ("IRC") and analogous state tax laws provide that any income or loss is passed through to the members for federal and state income tax purposes. Accordingly, Tourmaline Partners has not provided for federal or state income taxes.

At December 31, 2017, management has determined that Tourmaline Partners had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. Tourmaline Partners remains subject to U.S. federal and state income tax audits for all periods subsequent to 2014.

Tourmaline UK and Tourmaline Associates are subject to foreign corporate income taxes at a 20.0% tax rate for the period from January 1, 2017 through March 31, 2017 and 19.0% for the period from April 1, 2017 through December 31, 2017.

#### *Use of Estimates*

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. In particular, estimates have been made in reference to the other investment valuations. Actual results could differ from those estimates.

#### *Recent Accounting Developments*

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of this ASU is to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Subsequently, the FASB issued a series of modifying ASUs that do not change the core principle of the guidance stated in ASU 2014-09. The modifying ASUs include: ASU 2016-08, *Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*, ASU 2016-10, *Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*, and ASU 2016-12, *Revenue from Contracts with Customers (Topic 606): Narrow Scope Improvements and Practical Expedients*. The Company must adopt the amendments in ASU 2016-08, ASU 2016-10, and ASU 2016-12 with the adoption of ASU 2014-09. Tourmaline Partners adopted the new guidance on January 1, 2018. Tourmaline Partners will have no cumulative effect adjustment as there will not be a change to Net Income or Equity as future Revenues will be netted with Independent Research expense.

### 2. Summary of significant accounting policies (continued)

#### *Recent Accounting Developments (continued)*

In February 2016, the FASB issued ASU No. 2016-02, *Leases*. The amendments in this ASU require lessees to recognize right-of-use assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize a right-of-use asset and lease liability. Additionally, when measuring assets and liabilities arising from a lease, optional payments should be included only if the lessee is reasonable certain to exercise an option to extend the lease, exercise a purchase option, or not exercise an option to terminate the lease. ASU 2016-02 is effective for interim and annual reporting periods beginning after December 15, 2018 (year ending December 31, 2019 for Tourmaline Partners). Early application is permitted. Tourmaline Partners is currently in the process of determining the impact that the updated accounting guidance will have on our consolidated financial statements. See Note 4 for a summary of our rental commitments under operating leases as of December 31, 2017 and related disclosures.

### 5. Net capital requirement

Tourmaline Partners is subject to SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At December 31, 2017, Tourmaline Partners' net capital was approximately \$2,468,000, which was approximately \$2,218,000 in excess of its minimum requirement of \$250,000.

At December 31, 2017, Tourmaline Europe was in compliance with FCA capital requirements.

### 6. Off-balance sheet risk and concentration of credit risk

The Company is exposed to off-balance sheet risk of loss on unsettled transactions in the event that other counterparties are unable to fulfill their contractual obligations.

The clearing operations for securities transactions are provided by various brokers. These brokers are members of major securities exchanges. At December 31, 2017, all of the securities owned and the amounts due from brokers reflected in the consolidated statement of financial condition are positions held by, and amounts due from, such brokers. Amounts due from brokers may be restricted to the extent that they serve as deposits for securities sold, not yet purchased. The Company is subject to credit risk should these brokers be unable to fulfill their obligations to return the Company's securities or repay amounts owed. Substantially all of the Company's receivables from brokers relate to cash balances on deposit and approximately \$2,776,000 required by the clearing brokers to be maintained on deposit.

From time to time, the Company will maintain cash balances in a financial institution which at times may exceed federally insured limits. The Company is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf. Management monitors the financial condition of such financial institutions and does not anticipate any losses from these counterparties.
